

LEATHER CLEANING & MAINTENANCE

To maintain the quality and natural characteristics of Arcadia's selected leather, gently dust area regularly with a dry, soft cloth. For cleaning up spills or stains, remove as much soil or staining material as possible by brushing or wiping with a soft cloth or similar material. Use warm water and mild soap to remove any remaining residue.

Do not use furniture polishes, oils, solvents, abrasive cleaners, ammonia or wax as they may cause leather to dry out and eventually crack.
